1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 1,

line 16, after "said joint seat" inserted —in a rotatably movable manner—, and

Lines 17-18, deleted "in a rotatably movable manner".

In claim 7,

Line 1, changed "said" to —an--.

(The examiner has made minor corrections above to claims 1 and 7 in order to obviate a rejection under 35 USC 112, second paragraph. Original claim 1 renders the claim confusing since the locked-up "shaft within the adjustment sleeve" is contrary to "a rotatably movable manner". According to the specification, it is the "adjustment locker" that acts in a rotatably movable manner. For original claim 7, "said adjustment slit" has no antecedent basis.)

Art Unit: 3676

2. The following is an examiner's statement of reasons for allowance: prior art of record fails to show or fairly suggest a hinge having the combination as claimed including a joint seat having an adjustment sleeve, an adjusting portion of a shaft rotatably inserted in the sleeve, an angular adjustment locker to lock up the shaft within the sleeve for retaining an alignment of a hinged structure with respect to a frame. The closest prior art to Chiang (US 2004/0020130 A1) shows an angular adjustment protrusion (51) and locker (53) positioned between the walls, a joint hub (body 20) fixedly attached to the bracket (10). Modifying the hinge of Chiang to reach the invention as claimed requires a mass alteration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chuck Mah whose telephone number is (703) 308-0676. The examiner can normally be reached on 5/4-9.
